The book contains strategies which you can use to close sales within just 5 minutes...

So after you've generated leads and posting attractive contents on your status, the next thing is for your prospects to start coming to your DM to know more about your products

So this book contains the copy-and-paste strategies you can use to easily close sales.

You can copy them and save them in your keyboard clipboard for direct pasting when closing sales..

The sales closing strategies you should copy and paste are written in **BOLD LETTERS ONLY**

Firstly, the prospect might come to your DM with “**I’m interested** “ or “**How does it works**” or “**How can I join** “

Whatever word the person use to show interest doesn’t matter, all that matters is that he is interested abi 😁

So after he or she shows interest, the first thing you do is to give him or her a very warm welcome message that will make him or her fall in love with you immediately.

😁 Am not talking about relationship here, if you like go and do another thing 😂😁 Lolz

So below is a welcome message you can give to the person 👉👉

“Welcome here great mind, I am (your name here) an affiliate marketer and a business coach, I teach people how to make massive money for themselves just with their smartphone. I can see you want to join the money team, so can you spare me just 5 minutes of your time to put you through everything??

So with that message, the person will be so interested and also he or she will love to hear what you will be say.

So make sure he or she follows all you will be telling him or her till the end.

So you start 

Affiliate marketing is a business model of recommending people’s digital products online and getting commissions from every sale made.

The products involved are digital products like video courses and Ebooks. Example, it can be graphic design course, copywriting course, Web design course, etc

The sweet thing here is that, you don't need to create any product because they are already created in the affiliate program, so all you need to do is to get access to the products and get your commission

That's great right 👍

So after telling him or her all this, make sure you didn't send everything at once, send them bit by bit and make sure he or she is reading them

So all you have said above will trigger his or her interest to know more about your product.

So always ask him or her questions like **“Are you following??”**

So you continue 🙋

You get to earn 50% commission per sale of these digital products, let's do some calculations 🧐👉

Let's say for a graphic design course that cost 20k, per sale you have 10k as your commission.

Ok let's say you make 10 sales.

That's $10k \times 10$, that's 100k right...

Isn't that Wonderful??

Just imagine what an 100k will do for you a month.

Won't that change your financial life?

Hope you are following me??

So you can see you are making sure him or her is interested the more, and with this you are making sure you give him or her an offer they can't resist.

So they will like to Know more. So you continue
